MESSAGE

I am glad to know that Centurion University of Technology and Management (CUTM) is bringing out the University's Annual Brochure for the year 2013-14 shortly.

Higher Education in Odisha is witnessing resurgence with the setting up of several leading institutions of the country. This has given Odisha the tag of education hub in Eastern India. The growth is equally facilitated by private institutions like Centurion University of Technology and Management. It is heartening that CUTM is committed to academic excellence and its social entrepreneurship outreach programme is indeed a laudable initiative. Building future human resource of the country however, remains a challenge. Emphasis should always be on ensuring quality education for our students through innovative measures and application of technology. I am sure students, faculty, staff and other stakeholders while rejoicing on the rise of CUTM will further strive hard to take it to new height in coming days. The Annual Brochure should be as such to provide all relevant information regarding the University.

I wish the publication all success.

(S. C. Jamir)
